**8:20 – 8:30 Spring/Summer Workouts**

Tim

Chris Sager- \$75 a session, \$150 a night

Wed. 04/22, 04/29, 05/06, 05/13 tentatively

Average: 25 players/night last year

\$10 per player per session

**8:30 – 8:40 Coaches Incentive/Retention/Volunteering**

Tim

In they volunteer for concessions/admissions they could get free administration for that game

Offering a buyout (pay a fee) if they don't want to volunteer

Use HS students more for volunteers

Get rid of concessions- go with an organization outside that gets all the profits or food trucks, etc.

Potentially charge \$40 more for registration and then if a parent registers for admissions they get some of the money back

Charging try-out fee, take it out of registration fee but pay try-out fee up front when they register

Meet the organization night?

Instead of only asking about players, ask about parents and who is going above and beyond

Janet and McHenzie are good support system to get some younger help into the organization

Look into being able to provide more resources or go to a coaches clinic outside of our organization

Mentoring program for coaches

Banquet idea, roller skating rink, hickory falls, pizza party, etc.

Foul shot tournament, parent v. player game, bingo, etc.
